Re: GREENACRES LANDFILL

Dear Mr. Wright:

This correspondence is in reply to your letter dated February 9, 1987. In that letter, you requested a response from Spokane County as to whether or not we were willing to assume the responsibility for the remedial investigation and other response actions which may be required at the Greenacres Landfill site. This letter is to advise you that Spokane County, as one of the potentially responsible parties, (PRP's) hereby notify you that we are certainly willing to assume our proportionate responsibility for the remedial investigation or other responsive actions that may be necessary to achieve a dislisting of the "Greenacres Landfill" site. We are currently in the process of interviewing outside counsel and appropriate consultants qualified to carry out the remedial investigation or any other responsive actions that may be necessary. Likewise, we are coordinating our efforts with Holiday Hills, another PRP.

We will keep you informed of our progress. We anticipate selection of counsel by March 20, 1987, and coordinating efforts with other PRP's by April 1, 1987. Concerning participation in the RI/FS, as soon as our consultant has reviewed Golder's proposed work plan, we will be able to meet and discuss with your staff the appropriate scope of work. We intend to use the consulting services of SRH Associates, Inc.
